Subject: June Prayer update

Dear friends,

A lot has happened since we last wrote! Hopefully you received the announcement that our son, Oliver Henry, was born on April 9. We are all doing well, adjusting to each other and new rhythms of life. Praise God with us for this blessing of a child, and that our immediate families have already gotten to meet Oliver and spend time together. Please continue to pray that Raúl and I would have wisdom and strength to be good parents to Oliver and good spouses to each other, especially as we balance Adrianna returning to work full time and Raúl caring for Oliver more.

Although we weren't working for a couple of months, ministry didn't stop happening! We came back to an inbox full of wonderfully exciting emails! A few of the highlights were:

- A successful vision trip for an Act 5 delegation from Ontario to El Salvador and Costa Rica, where they were reminded that "cross-cultural relationships are essential for maintaining a hopeful connection between our countries."
- 2 Canadian churches are interested in pursuing a partnership with Seeds of New Creation
- The Nehemiah Center has gained a new organizational partner
- 2 new churches began to partner financially with the Herrera family in ministry, and we are at 90% of our goal for this fiscal year, which ends June 30.
- People from the Church Friendship program we used to coordinate are still in touch and wrestling with questions of how to love each other well
- and more!

Through these things, we see God's hand at work, bringing results from conversations we have had, emails we have written, and prayers we have prayed. Praise God for the momentum we are seeing in our work! Thank you for partnering with us in this ministry to build relationships between churches and organizations in Central and North America.

Also during our absence Vicky, the temporary assistant for our Central American Resonate mission team, put together a great newsletter about Caminantes/ Cohort of Missioners and other things happening in the region. Please open the attachment to read it and see how God is at work in Central America! The Caminantes will be going to a learning intensive in Costa Rica at the beginning of July. Please pray for them all to be able to travel (visas can be complicated and COVID still makes the rounds) and for it to be an enriching experience for them as a cohort.

Blessings,
Adrianna (Raúl and Oliver)
